

## Accessing the ASABE Forums from the Website

<https://asabe.org> Login will be required.

**You can access Forums from the top menu on all pages of the website:**

If you have open ballots showing, you can select one of them to be redirected to that ballot as well.

Technical Library | **Forums** | ScholarOne Manuscripts | Member Directory | Logout

**1. Login to the ASABE website**

**2. Select Forums from top menu or see below.**

Search ALL Categories Search...

Publications & Standards | Get Involved | Committees | Style Guide **Join** **Donate**

**Your Open Forum Ballots**

- [PPF for the adoption with deviation of ISO 22000:2018 Food safety management](#)
- [Revised ASE-12 Bylaws for approval](#)
- [CIB - Re-appointment of ISO/TC 134 WG 3 Convenor](#)

**Select the title of a ballot to redirect to Forums after Login.**  
**Ballots will be displayed based on their closing date.**

**To access the Standards pages on the website:**

Selecting Publications and Standards will present the Standards Department options.

Publications & Standards

Standards Development > Instructors & Stud

National Standards

Published Standards **Most current CD publication**

Current Adoptions, Revision, Wdraw **Changes since current CD**

International Standards

The box to the right will be a link to Forums found on all of the Standards related pages on the website for easy access.

This is an example of what you should see with your information in the left corner.

Scroll down your list of committees. Select the committee you are looking for. Note: If you have an open ballot, you will see a button prefixing the committee name. It is red before you vote, green after you vote and will remain until the ballot closes. Ballots will now close at midnight Pacific time, 3 am Eastern, to allow west coast members to submit votes more easily.

## ASABE Forums

Your Name

Forums for your committees will be listed here. Select the committee you wish to work with. Selecting the Ballot button next to the committee name will take you directly to the open committee ballots.

A red **Ballots** button indicates that your committee has a ballot that you have not yet registered a vote on. The **Ballots** button will turn green when you have submitted your vote. You may access the ballot to update your comments or change your vote as long as the button is visible. The button will disappear when the ballot closes.

List Name	Threads	Posts	Members	Last Post
<b>Ballots</b> Kansas Section all members	0	0	233	--
M-160 Evelyn E. Rosentreter Standards Award	0	0	11	--
<b>Ballots</b> PAFS-03 Plant, Animal, & Facilities Systems Standards Oversight	33	43	25	Nov 29, 2018
Professional Engineering Institute (PEI) members	7	15	156	Aug 21, 2018

To access your ballot from the list menu. You can now also click on the **"ballot"** to go directly to your open committee ballot.
